## VEC, INC. ATTENDS GREAT SERVICE FORUMS WINTER SESSION TO ENHANCE BUSINESS CAPABILITIES

---

Girard, Ohio – March 3, 2022 – VEC, Inc., a local electrical and general contracting provider, recently attended the Great Service Forums (GSF) Winter Session in Pittsburgh, Pennsylvania to capitalize on new business opportunities and collaborate with industry professionals.

GSF is an organization that aims to lift the service and maintenance capabilities of electrical contractors to new heights. The GSF programs focus on successful management, business development, and sales networking for electrical contracting companies. The members of the VEC team that attended the conference include Dominic Spelich, Executive Vice President of Client Services, Mike Reiser, Executive Vice President of the Industrial Division, and Dave Jakovina, Service Department Manager.

“I’m eager to see how the VEC team applies what they learned from the conference to their positions at the company” said Dominic Spelich, Executive Vice President of Client Services. “Attending these sessions helps us become a stronger team and allows us to perform the best for our clients.”

VEC, Inc. is an exclusive member of the GSF union for electrical contractors. The membership yields numerous benefits, including nationwide relationships with leading firms, early identification of emerging opportunities, new business development sources, higher profits, and training resources for the entire team.

For decades, VEC, Inc. has shared its wealth of experience and expertise to build genuine and lasting relationships with its customers. The company has six divisions: civil & infrastructure, general contracting, industrial, oil & gas, power, and systems integrator that work harmoniously together to handle projects of any size and in any part of the United States. The company continues to serve the following markets, including automotive, chemicals, education & healthcare, infrastructure, manufacturing, oil & gas, and renewables.
